BestPack
the total packaging solution

B150i

BestPack™ Stretch Wrapper
Semi-automatic pallet wrapping machine w/ Touchscreen

For growing operations seeking an affordable and reliable pallet wrapping solution, the BestPack™ B150i delivers performance at a breakthrough price. Built for high production speed and heavy-duty operation, the B150i ensures consistent, secure load containment while simplifying end-of-line packaging.

Its HMI touchscreen control panel provides intuitive operation, making training quick and production more efficient—an essential choice for operations ready to upgrade from manual wrapping.

CBM Systems BestPack™ Stretch Wrapper w/ Touchscreen

See what the B150i can do for you!

1. Increase film utilization up to 50% for instant cost savings.

2. Shorten wrapping cycle time to as little as 1½ to 2 minutes.[1]

3. Upgrade from hand-wrap to machine film to get all the benefits!

Easy to learn controls
High resolution touchscreen display where you can adjust film tension, wrap settings, turntable and carriage speeds.

Plug and play–Start wrapping right away
Affix film to your pallet—then press start. In many cases, operators won't even need to adjust wrap settings between loads.

Improve load integrity and reduce shipping damage
Consistent performance and excellent load stability during transport keeps your load tightly secured more effectively than hand-wrapping.

Lower overall cost per load
Get the job done faster and waste less stretch wrap when switching to a BestPack™ stretch wrapper.

B150i Specifications

Performance	
Speed*	25-35 loads/hour
Turntable Speed	12 RPM (variable)
Load Capacity	4,000 lbs
Turntable Size	58" diam
Max. Load Size	53"L x 53"W
Max. Load Height	82"H
Turntable	3/8" laser-cut steel plate
Film Delivery	
Film Delivery System	Clutch tension
Film Stretch	Dual rollers
Film Tension	Up to 150%
Film Capacity	10" diam x 20"W (30"W option)
Film Carriage Speed	Adjustable
Height Sensor	Standard
Machine / Shipping Data	
Power Requirements	110V, 60 Hz, 8A
Pneumatic Requirements	None
Machine Dimensions	89"L x 59"W x 86"H
Weight (approximate)	750 lbs
Forklift Portable	Standard
Tilt-Down Tower	Standard

Machine Footprint

85"

59"

Make wrapping as easy as 1... 2... 3...!

Set down your pallet, hit start, and get wrapping!

- Detect your pallet load's height automatically.

- Reinforce the top and bottom of your load with extra wraps (combined setting 1-3).

- Pre-stretch film up to 150%.

- Low maintenance...heavy-duty frame and roller support system.

Specifications subject to change without notice.
¹ Wrap speeds may vary depending on load configuration.

Options to improve performance

Integrated Scale
Weigh your loads directly on the B150i turntable. Verify shipping charges and protect against inventory shrinkage.

Loading Ramp
Load your machine with a pallet jack using the made-to-fit loading ramp.

Wrap Height Extension
Wrap tall loads with an extended wrap height column (16" increments) to accommodate your needs.
